JURISDICTION OF THE COMMITTEE ON ENVIRONMENT AND PUBLIC WORKS

(Pursuant to Rule XXV, Sec. 2, Standing Rules of the Senate)

The Senate Committee on Environment and Public Works is one of Sixteen Standing Committees established by Rule XXV of the Senate, under which Committee jurisdictions were last revised by the adoption of S. Res. 4, Senate Committee Reorganization, February 11, 1977.

Section 2 of Rule XXV as amended on January 5, 1981 provides that the Committee shall consist of sixteen Senators.

Senate Rule XXV * * *

(h)(1) Committee on Environment and Public Works, to which shall be referred all proposed legislation, messages, petitions, memorials, and other matters relating to the following subjects:

1. Air pollution.
2. Construction and maintenance of highways.
3. Environmental aspects of Outer Continental Shelf lands.
4. Environmental effects of toxic substances, other than pesticides.
5. Environmental policy.
6. Environmental research and development.
7. Fisheries and wildlife.
8. Flood control and improvements of rivers and harbors, including environmental aspects of deepwater ports.
9. Noise pollution.
10. Nonmilitary environmental regulation and control of nuclear energy.
11. Ocean dumping.
12. Public buildings and improved grounds for the United States generally, including Federal buildings in the District of Columbia.
13. Public works, bridges, and dams.
14. Regional economic development.
15. Solid waste disposal and recycling.
16. Water pollution.
17. Water resources.

(2) Such committee shall also study and review, on a comprehensive basis, matters relating to environmental protection and resource utilization and conservation, and report thereon from time to time.

RULES OF PROCEDURE OF THE COMMITTEE ON ENVIRONMENT AND PUBLIC WORKS

Rule 1. *Regular Meeting Days.*—The regular meeting day of the Committee shall be the first and third Thursday of each month at 10:00 A.M., except that if there be no business before the Committee, the regular meeting shall be omitted.

Rule 2. *Committee Meetings.*—Subject to section 133(a) of the Legislative Reorganization Act of 1946, as amended, Committee meetings for the conduct of business, for the purpose of holding hearings, or for any other purpose, shall be called by the Chairman, after consultation with the ranking Minority Member. Subcommittee meetings shall be called by the Chairman of the respective subcommittee, after consultation with the ranking Minority Member. Notice of a meeting and the agenda of business to be discussed by the Committee will be provided to all Members not less than twenty-four hours in advance of such meeting. Additions to the agenda after that time may be made with the concurrence of the ranking Minority Member. Such 24-hour notice may be waived in an emergency by the Chairman, with the concurrence of the ranking Minority Member.

Rule 3. *Open Committee Meetings and Legislative Mark-up Sessions.*—Meetings of the Committee, including hearings and legislative mark-ups, shall be open to the public, except that a portion or portions of any such meeting may be closed to the public if the Committee determines by record vote of a majority of the members of the Committee present that the matters to be discussed or the testimony to be taken at such portion or portions—

(1) will disclose matters necessary to be kept secret in the interests of national defense or the confidential conduct of the foreign relations of the United States;

(2) will relate solely to matters of committee staff personnel or internal staff management or procedure; or

(3) constitute any other grounds for closure under paragraph 7(b) of rule XXV of the Standing Rules of the Senate (as amended by Senate Resolution 9, 94th Congress).

Rule 4. *Presiding Officer.*—(a) The Chairman shall preside at all meetings and hearings of the Committee except that in his absence the ranking Majority Member who is present at the meeting shall preside;

(b) Subcommittee Chairmen shall preside at all meetings and hearings of their respective Subcommittees, except that in the absence of the Subcommittee Chairman, the ranking Majority Member of the Subcommittee who is present at the meeting shall preside;

(c) Notwithstanding the rule prescribed by subsections (a) and (b), any Member of the Committee may preside over the conduct of a hearing.

Rule 5. *Quorums.*—(a) Except as provided in subsections (b) and (d), five Members, two of whom shall be Members of the Minority party, shall constitute a quorum for the conduct of business, except for the purpose of reporting any measure or matter.

(b) Quorums for the conduct of business by the Subcommittees shall be a simple majority of the Membership of the Subcommittees with at least one Minority Member present.

(c) Once a quorum as prescribed in subsections (a) and (b) has been established for the conduct of business, the Committee may continue to conduct business.

(d) Notwithstanding the rule prescribed in subsection (a), one Member shall constitute a quorum for the purpose of conducting a hearing.

Rule 6. *Proxy Voting.*—(a) Proxy voting shall be allowed on all measures, amendments, resolutions, or any other issue before the Committee or any Subcommittees. Any Member who is unable to attend the meeting may submit his vote on any such issue, in writing or through personal instructions; however, proxies shall not be voted for the purpose of reporting any measure or matter except when the absent Committee Member has been informed of the matter on which he is being recorded and has affirmatively requested that he be so recorded. A proxy given in writing shall be valid until revoked, while a proxy given orally or by personal instructions is valid only on the day given.

(b) At the discretion of the Chairman, after consultation with the Ranking Minority Member, Members who are unable to be present and whose vote has not been cast by proxy may have their positions recorded on any vote on the same business day so long as the vote will not change the outcome.

Rule 7. *Public Announcement of Vote.*—Whenever the Committee, by rollcall vote, reports any measure or matter, or acts upon any measure or amendments thereto, the report of the Committee on such measure or matter shall include a tabulation of the votes cast in favor of and the votes cast in opposition to such measure or matter by each Member of the Committee.

Rule 8. *Announcement of Hearing.*—The Committee, or any Subcommittee thereof, shall make public announcement and provide notice to Members of the date, place, time, and subject matter of any hearings to be conducted on any measure or matter, at least one week in advance of such hearing, unless the Committee Chairman, or Subcommittee Chairman, with the concurrence of the ranking Minority Member, determines that there is good cause to begin such hearing at an earlier date, in which event not less than twenty-four hours notice shall be given.

Rule 9. *Statements of Witnesses at Hearings.*—(a) Each witness who is scheduled to testify at any hearing of the Committee, or any Subcommittee thereof, shall file a written statement of his proposed testimony not later than noon of the last business day preceeding the day on which he is scheduled to appear. At the time of his appearance, he shall supply for the use of the Committee or Subcommittee, 25 copies of his prepared testimony or such greater number as may be requested in the letter of invitation. Except for witnesses from the Federal Government, this rule may be waived with regard to field hearings.

(b) The presiding officer at a hearing may have a witness confine his oral presentation to a summary of his statement.

Rule 10. *Regularly Established Subcommittees.*—The Committee shall have six regularly established Subcommittees as follows:

Subcommittee on Environmental Pollution
Subcommittee on Nuclear Regulation
Subcommittee on Water Resources
Subcommittee on Transportation
Subcommittee on Toxic Substances and Environmental Oversight
Subcommittee on Regional and Community Development

Rule 11. *Subcommittee Membership.* Following consultation with the Majority Members and the Ranking Minority Member of the Committee, the Chairman shall announce selections for membership of the Subcommittees referred to in Rule 10.

Rule 12. *Environmental Impact Statements.*—No project or legislation proposed by the Administration shall be approved or other action taken on such project or legislation unless the Committee has received a final environmental impact statement relative to it, in accordance with section 102(2)(C) of the National Environmental Policy Act of 1970, and the written comments of the Administrator of the Environmental Protection Agency, in accordance with section 309 of the Clean Air Act. This rule is not intended to broaden, narrow, or otherwise modify the class of projects or legislative proposals for which environmental impact statements are required under section 102(2)(C).

Rule 13. Whenever the Committee authorizes a project, under Public Law 89-298, Rivers and Harbors Act of 1965, Public Law 83-566, Watershed Protection and Flood Prevention Act, or Public Law 86-249, Public Buildings Act of 1959, as amended, the Chairman shall submit for printing in the Congressional Record, and the Committee shall publish periodically as a committee print, a report that describes the project and the reasons for its approval, together with any dissenting or individual views.

Rule 14. *Naming of Public Facilities.*—No building, structure or facility authorized by the Committee, shall be named for any living person, except former Presidents or former Vice Presidents of the United States, or former Members of Congress over 70 years of age.

Rule 15. *Committee Resolutions.*—(a) The Chairman, after consultation with the ranking Minority Member, is authorized to certify and pass on Committee resolutions for review of flood control and river and harbor reports and resolutions for studies of public building projects, and forward the resolutions to the appropriate Federal agency.

(b) Proponents of Committee resolutions shall submit appropriate evidence showing need for review or reports on river and harbor and flood control projects.

Rule 16. *Broadcasting of Hearings.*—Public hearings of the Committee, or any Subcommittee thereof, may be televised or broadcast, or recorded for television or broadcast, upon notification in advance to the Chairman through the Chief Clerk. During public hearings, photographers and other reporters using mechanical recording or filming devices shall position and use their equipment in such fashion as will not interfere with the seating, vision, or hearing of Committee Members or Staff on the dais, nor with the orderly process of the hearing.

Rule 17. *Amendment of Rules.*—The rules may be added to, modified, amended or suspended by a majority of the Committee Membership.

April 29, 1982. Passed Senate by 69 yeas to 9 nays, action taken on additional amendments proposed thereto, as follows:

Adopted:

(1) Modified BUMPERS unprinted amendment No. 877, insuring full cost recovery of monies expended pursuant for the Act.

(2) GORTON-JACKSON unprinted amendment No. 878, providing that the Commission decision approving the first application shall prohibit the emplacement in the first repository of a quantity of spent fuel containing in excess of 70,000 metric tons of heavy metal or a quantity of solidified high-level radioactive waste resulting from the reprocessing of such a quantity of spent fuel until such time as a second repository is in operation.

(3) GORTON-JACKSON unprinted amendment No 879, providing that in the event a monitored retrievable storage facility, approved pursuant to Title V of the Act, shall be located, or is planned to be located, within 50 miles of the first repository, then the Commission decision approving the first such application shall prohibit emplacement of a quantity of spent fuel containing in excess of 70,000 metric tons of heavy metal of a quantity of solidified high-level radioactive waste resulting from the reprocessing of spent fuel in both the repository and monitored retrievable storage facility until such time as a second repository is in operation.

(4) McCLURE unprinted amendment No. 880, of a technical and clarifying nature.

(5) GARN unprinted amendment No. 881, providing that after a site has had an environmntal assessment, is being studied for the purpose of having a repository, that the actual repository could not be located on the site unless there is a complete environmental impact statement assessing all of the environmental impact that would go with the actual production or building of the repository.

(6) COCHRAN unprinted amendment No. 882, requiring the Secretary of Energy to include in any request for the appropriation of funds to identify, recommend, and select sites for site characterization an estimate of the cost of preparing each site for site characterization.

(7) COCHRAN unprinted amendment No. 883, requiring the President to propose legislation to establish an independent establishment to manage repositories and temporary storage sites (as amended below).

(8) McCLURE unprinted amendment No. 884 (to unprinted amendment No. 883), in the nature of a substitute.

(9) SIMPSON modified unprinted amendment No. 885, requiring the President to develop a plan for permanent disposal of existing defense nuclear waste, taking into consideration cost, efficiency, health and safety, regulatory, transportation, public acceptability and national security factors; requiring the Secretary to proceed with a unified disposal system unless the President determines that national security needs require a separate defense-only disposal facility; and if the President determines that a defense-only respository is needed, require that the repository be licensed in accordance with existing law, meet site selection guidelines in the Act, and meet all applicable Nuclear Regulatory Commission regulatory requirememts.

(10) JACKSON unprinted amendment No. 887, providing that the Secretary shall provide for participation of an affected State and any affected Indian Tribe under subsections 701 (b), (c), (d), and (e) of title VII in any test and evaluation facility authorized by Congress under section 407; and the subsection shall not apply to any existing research and development site unless it is authorized as a test and evaluation facility and expanded significantly with regard to its extent or the number of packages of solidified high-level radioactive waste and spent fuel.

S. 1662—Continued

(11) BUMPERS unprinted amendment No. 888, providing that, in compiling the cost incurred by the Federal Government, the Secretary shall include as cost the interest paid by the Federal Government on the unrecovered capital cost, based on a 50 year period of amortization and a rate of interest equal to the average rate paid by the Federal Government on Treasury instruments for the immediately preceding 12-month period.

(12) THURMOND unprinted amendment No. 889, providing that, in carrying out the provisions of sections 301 through 307 with regard to any facility for the interim storage of spent fuel from civilian nuclear powerplants which the Secretary is authorized by section 305(a) to construct, the Secretary shall, as soon as practicable, notify, in writing, the Governor and the State legislature of any State and the elected Tribal Council of any Indian tribe in such State in which is located a potentially acceptable site for such facility for interim storage of spent fuel, of his intention to investigate that site or facility.

(13) THURMOND unprinted amendment No. 890, providing for impact assistance to States and localities in which are located interim away-from-reactor storage facilities.

(14) GLENN unprinted amendment No. 891, providing that it shall be the policy of the United States to cooperate with and provide technical assistance to non-nuclear weapon States in the field of spent fuel storage and disposal.

(15) THURMOND unprinted amendment No. 892, requiring spent fuel to be transferred from interim storage facilities after the expiration of a period of time.

(16) WEICKER unprinted amendment No. 894, authorizing and directing the Commission to develop a program of in-plant drills for nuclear powerplant operators to be conducted by civilian nuclear powerplant licensees, and to promulgate regulations, or other appropriate Commission regulatory guidance, for training and qualification of civilian nuclear powerplant operators, supervisors, technicians and other appropriate operating personnel.

(17) WEICKER unprinted amendment No. 895, providing that no license or other approval shall be given by any Federal department, agency, or other instrumentality, or the President of the United States, for the disposal of low-level nuclear waste, including contaminated materials in the oceans until the Environmental Protection Agency reports to Congress on the adverse effects of such disposal on the marine environment as compared with the adverse effects of land disposal; or unless the Environmental Protection Agency determines that the proposed disposal is only for purposes of research on the effects of low-level radiation on the marine environment.

(18) McCLURE unprinted amendment No. 897, providing that enactment of the Act shall be construed in any Federal, State and local administrative of judicial proceeding to satisfy any legal statutory requirement, notwithstanding any other provision of law (1) for the existence of and the approval of the United States of a demonstrated technology or means for the disposal of spent fuel and high-level nuclear waste, and (2) for assurance of the safe disposal of spent fuel and high-level nuclear waste and the scheduled availability of storage and disposal facilities for high-level nuclear waste.

(19) McCLURE unprinted amendment No. 898, prohibiting the Nuclear Regulatory Commission from considering the reduction or cessation of nuclear powerplant operations as an alternative to expanding plant or adding spent fuel storage capacity at a reactor site.

(20) McCLURE unprinted amendment No. 899, revising the requirements for contractual commitments of the Federal Governments with owners of spent fuel or high-level waste generated from civilian nuclear activities.

Rejected:

(1) PROXMIRE amendment No. 1394, to permit States to block a waste disposal site. (By 70 yeas to 19 nays, Senate tabled the amendment.)

(2) CANNON amendment No. 1395, to strengthen the role of affected States and Indian Tribes in the location of storage sites for nuclear waste within such States or Indian lands. (By 52 yeas to 40 nays, Senate tabled the amendment.)

(3) THURMOND unprinted amendment No. 886, to strike sections which authorize a Federal program to provide away-from-reactor (AFR), interim storage of commercial spent fuel. (By 47 yeas to 43 nays, Senate tabled a motion to reconsider the previous vote.)

(4) STENNIS unprinted amendment No. 893, to require the Secretary of Energy to identify and recommend to the President, using the results of the national site survey, at least four sites determined to be suitable for site characterization for the selection of repositories. (By 63 yeas to 27 nays, Senate tabled the amendment.)

(5) COCHRAN unprinted amendment No. 896, to require the Secretary of Energy to include at least one granite site among the first three sites he identifies and recommends to the President for site characterization and to make such adjustments in rates as are necessary in the administration of the Act to satisfy the requirement. (By 83 yeas to 5 nays, Senate tabled the amendment.)

The bill was reported back forthwith containing the aforesaid amendment.

Agreed To:

(1) An amendment that provides for a minimum allocation to States for apportioned programs to ensure that each State receives 85 percent of the amount attributable to that state paid into the Highway Trust Fund. Rejected a substitute to this amendment that sought to ensure a minimum 90 percent allocation.
(2) An amendment that provides for a temporary matching fund waiver.
(3) An amendment that strikes language in the highway beautification provisions relating to the need to preserve communications through the outdoor medium.
(4) An amendment that earmarks funds for grants to States for the use of substances from recycled tires in paving materials.
(5) An amendment that provides for a study by the National Academy of Sciences on the cost-effectiveness of the hot dip galvanizing process for the installation, repair, or replacement of exposed structural and miscellaneous steel.
(6) An amendment that requires that at least 10 percent of authorized funds be expended directly with small business concerns owned and controlled by socially and economically disadvantaged individuals.
(7) An amendment that authorizes $50 million during fiscal years 1983-1986 for rail highway crossing demonstration projects.
(8) An amendment that provides for a study on the conversion of methane for use as a fuel for highway vehicles.
(9) An amendment that directs the Secretary to conduct a study of the feasibility of constructing 69 miles of highway in the State of South Carolina.
(10) An amendment that requires the Secretary to apportion, to designated recipients, funds authorized under mass transportation block grants for operating assistance in fiscal year 1983 within 30 days of enactment.
(11) An amendment, as amended, that provides new Buy America provisions prohibiting use of funds for projects unless steel, cement, and manufactured products used in such projects are produced in the United States.
(12) An amendment that revises the present highway user taxes, increases the gasoline tax by 5 cents, extends the Highway Trust Fund through September 30, 1988, and establishes a mass transit account.

Rejected:

(1) An amendment that sought to strike language providing for contract authority and to require appropriations for all funding.
(2) An amendment that sought to strike the new highway beautification provisions and retain provisions in current law, and to require a study on the effectiveness of the Federal Highway Beautification Act.
(3) An amendment that sought to permit States to obligate up to 50 percent of apportioned funds for primary, secondary and unban roads for maintenance in the first 120 days after enactment and set the Federal share of any maintenance project at 95 percent.

H.R. 6211—Continued

(4) An amendment that sought to waive Davis-Bacon wage provisions in Federal surface transportation programs.
(5) An amendment that sought to restrict Davis-Bacon wage provisions to initial highway construction.
(6) An amendment that sought to strike language permitting the Secretary to prioritize allocation of interstate discretionary funds for high cost projects.
(7) An amendment that sought to provide that the Davis-Bacon wage provisions should not be used to limit, or in the opinion of the Secretary, have the effect of limiting legitimate job opportunities.
(8) An amendment that sought to reinstate the inflation escalator for the interstate transfer program.
(9) An amendment that sought to provide that the amount of non-Federal funds payable on any project would be reduced by 25 percent when the project was constructed in a labor surplus area.
(10) An amendment that sought to strike language which would require DOT to withhold certain funds from States failing to enforce the 55 mph speed limit.
